State Relief Commissioner

FOREWORD

**Tamil Nadu Disaster Risk
Reduction Agency,**
Chepauk, Chennai - 600 005.

Disaster Management, in the context of increasing extreme weather events is a challenging task, which can be effectively managed only with the coordinated action of multiple agencies involved in Disaster Management. Rapid response and coordination among various agencies can be achieved only when a proper communication system is put in place. Communication plays an important role in reaching out to the citizens through appropriate agencies during periods of disaster to ensure their safety and well-being.

In view of the vital role played by communication in Disaster Management, Tamil Nadu Disaster Risk Reduction Agency has updated and brought out this directory for better connectivity and dissemination of information among various stakeholder departments to respond to the disaster events appropriately. The directory captures the landline, satellite telephone and mobile numbers of officers and their e-mail addresses. It is hoped that the directory will enable the various stakeholders to provide timely message to the community and prove to be helpful for effective communication among various line departments.

Any suggestions for improving / updating the information available in the directory may be sent to tnstateeoc1@gmail.com.

(S.K. PRABAKAR)
